About REITonAIM

REITonAIM provides ranking changes and updates on a selected list of REIT stocks, the largest and most actively traded REITs chosen as favorites by dedicated institutional REIT investors.

Joining our REITonAIM buddy list provides your traders access to rankings and headline comments on earnings guidance changes and events affecting the most actively traded REITs. Announcements of new reports are posted to our AIM buddy list as the reports are issued. Each announcement provides a link directly to our REITonAIM home page at www.REITonAIM.net.

Using the service is easy. You can respond to any announcement as it is issued on AIM, or access www.REITonAIM.net for a full list of current coverage reports by date. Review the list of company updates posted to www.REITonAIM.net to find the stocks of greatest interest to you, then click on the link for the chosen report to see the current coverage report page including price, yield, and rank with a chart and headline comments on that REIT stock.

NOTE: At the bottom of each REITonAIM current coverage report page, there is a [Contact Form](#) that can be used to request additional information. The [Contact Form](#) provides a form to enter your email address and complete your request with comments or discussion directly to our server, without the need to open your own email program. The convenient [Contact Form](#) enables you to respond to us separately from your AIM buddy list.

As a courtesy to members of our REITonAIM buddy list, we will respond to an occasional request for a full report via email as soon as your request is received. Full 3-page reports on REITs include valuation statistics, description of assets, discussion of key issues, as well as tables comparing a REIT on fundamental and valuation measures to similar REITs in the same sector.

Rankings are provided by the REIT Growth and Income Monitor analyst reports on more than 138 publicly traded REIT stocks.

REITonAIM is priced as an annual subscription service at \$8,000 for insitutional clients.
